Our services are free and confidential.
At Parent to Parent of Pennsylvania, when someone asks what we do, we say we empower and support parents throughout our great state.

We connect them with families of children & adults with disabilities or special needs who’ve had similar journeys. The peaks and valleys they experience along the way might sometimes feel a little overwhelming.

So, we’re driven to ensure no parent feels alone. Ever. How? By providing the emotional support they need to help overcome whatever life throws at them. Share our own experiences and let them know, whatever happens, they’ve got this.

The “then” and “now” pictures on the front of the rack card are the children of the original staff who helped start the Parent to Parent of PA program in 1996. You can read about their journeys on the “new” P2P of PA website at www.parenttoparent.org

Parent to Parent of PA has over 1,400 volunteer Peer Supporters who can support for 830 conditions and any concerns you or your family may have.

Parent to Parent of Pennsylvania is funded by the Pennsylvania Department of Education and Department of Human Services; Office of Child Development and Early Learning.

A program of the Tuscarora Intermediate Unit 11, an EOE.
